Rt. Hon. David Cameron, MP  
First Lord of the Treasury

cc: Her Majesty Queen Elizabeth [II]  
cc: Peterborough Crown Court  
cc: Hon. George B. Daniels, USDC, NYC

05 October 2015

Dear Mr. Cameron,

Whilst the Pope has to deal with bees buzzing in his bonnet, you have to deal with bats in the belfry.

You must have already received by fax our 16 page fax to Hon. George B. Daniels, United States District Court Judge in New York City, which contains within it on lines 245 et seq, a section on Firearms, an Affidavit summary on lines 248 - 288, and a Letter Rogatory to the Peterborough Crown Court on lines 290 - 336.

The fax has been copied to the U.S. Senate Judiciary Committee, the U.K. Law Commission, New York City Law department, in addition to the usual suspects and some others to whom it could prove useful.

We have since received a correction that the Peterborough Crown Court judge's name, spoken verbally and recorded in the hand written Affidavit as Arkwright is spelled Enright. Does he plan to sail off in a coracle to join the Spanish fleet?

The scan of Peter's hand written Affidavit is now here: [www.courtrecord.org.uk/Peter-F-1](http://www.courtrecord.org.uk/Peter-F-1)

Arrangements have been made to dispatch a Court of Record sealed original of the 16 page Amicus curiae to 10 Downing Street.

We suggest that you:

1) Ask Michael Gove the Justice Secretary to explain to the Peterborough Crown Court, why, after

Lucky Larry said "meow", trying to get the latest fashion in casts on a Sunday from the NHS proved a tad bit difficult.

2) He can go on explain to the 'apoplectic QC' involved and all those who strut around with Queen's Counsel titles that these have been stripped. There is, as you know, a certain King of Egypt who has the wherewithal to explain 'stripped and whipped' to those who cannot understand the English meaning of 'stripped'. Is this what must now be done in England?

3) The High Treason the CROWN corporation is conducting must stop. No more 'Crown Courts'. Parading what purports to be Her Majesty's Coat of Arms with a 'Judge' that cannot and has not taken an oath to the living Queen is High Treason.

- When the time comes, do all the QC's wish to argue with a rope?

4) The Spanish King's recent threat-event to be CAESAR with Super-Cow-Powers has proved to be just BBC special effects.

5) We suggest you bring the sealed original to your upcoming meeting with Her Majesty The Queen.

Treason and High Treason is a serious business. Let there be no equivocation in the matter. What about yourself? How about each member of the 'British Cabinet'?

We suggest that it is better to have no courts at all than to have the ongoing circus.

Her Majesty The Queen knows what to do.

We send our love to YHVH, Ground of Being, for Her Majesty The Queen and thyself.

Yours faithfully,

Joseph Ray Sundarsson  
Special Master
