Open Letter
Amicus curiæ
16 December 2016

May it please Your Majesty,

In the name of YHVH, Truth, Our Lord Jesus Christ, greeting!

We heard from Michael at 16:48GMT on the 15th, that he had been released and that he was on the train home. The living woman, whom we believe is known as Sarah Campbell acted as a "Judge" and another man of European non-English origin forced Michael to sign some document that is *void ab initio*; do they expect to get "brownie points" for that?

Your Majesty has to ask a certain Medusa if she wishes to become a lovable "Mary".

The penalty for "buggering about" and promoting the religion of Baal is severe. Such a penalty also applies to those who bugger about using "science" or "medicine" or "research", etc., as a condom.

The word experimental has within it ex-peri-mental, which is to say outside the border of contemporary normal mental observations; para-normal phenomena can become normal;

familiarity breeds contempt.

The observer is far more precious than the observation; the intellectual honesty of the observer is more important than the profusion of data from dishonest observers.

Early Jewish interpreters of the Bible reflected upon these stories of the cities' inhabitants and developed an insightful explanation for why God decided to destroy them. Their wealth led them to **arrogant cruelty**. According to these Jewish sages, the Sodomites were incredibly blessed with food and money. They reasoned, "Since we are so wealthy to the point that we have bread and gold coming out of the dust, why *should* we let people pass through our country? They are only coming here to take from us what belongs to us!" Thus, they did away with what in Hebrew we call *Torat Regel*, the culture and practice of hosting wayfarers in one's country.

Note the uncompassionate and dishonest logic that they used. Being blessed with more than they could ever need, they nonetheless behaved like people in desperate straits to avoid having to help those in genuine need of their help. There was a culture of societal selfishness founded upon a false morality that demonises the needy as rapacious thieves out to rip people off. This description of them is consistent with other classic Jewish views of the Sodomites. Jewish law even coined a term, *Middat Sedom*, "Sodomite character traits," to refer to people who use legal technicalities to justify what Rabbi Adin Steinsaltz called malicious selfishness. Their behaviour is considered to be so selfish and disingenuous that the Jewish sages of ancient times provided means by which courts could coerce them to share wealth and property or to behave more flexibly and generously.

The Holy Bible has honest reports of observations carried out over millennia; the pace of apparent progress based on experimental methods has removed the timeless viewpoint of "standing on the *Ground of Being*, YHVH", the promised land, Mind with a capital **M**. This letter **M** is the escutcheon of Mu, the ancient motherland of man.

14° Capricorn on Vega in Lyra the harp. Mercury will hit this star three times Dec 17/Dec 19 Rx/Jan 27 and gives: "Suspicious, reserved, bitter, thwarted ambitions, double dealing, secret enemies in influential positions, trouble with the mother, loss in business." "Euphoric news, or news that cannot be believed".
